

Junior Developer

Why we love working at Helium:

Our motto is be honest, take pride, and do amazing work. We put our team first and deliver results to our customers.

Helium was founded by friends. We believe in doing the right thing, treating people well, and building a company where we would want to work. We hire, promote, and reward based on performance. We don't play politics or favorites. We work hard and have fun along the way.

We take a lot of pride in having worked with clients in a wide range of industries, including Healthcare, Retail, Field Service Management, and Sports Entertainment.

About the gig:

Helium is seeking eager junior software developers that want to join a dynamic team. You will work on real projects, help solve complex problems, and have fun along the way. Working alongside industry veterans, we expect a strong work ethic and a deep desire to learn.
